

Play-Turf[®], a great favourite for top sports competitions due to its easy laying operation is appreciated by athletes, particularly, for the comfort and quality of the play it provides.

Play-Turf[®] Structure
Layers

- A: Strong Foundation Base
- B: Vapour barrier
- C: Concrete or asphalt base
- D: Play-Turf[®]
- E: Lines

Specifically studied for covered Sports grounds and structures, Play-Turf[®] provides a calendared self-levelling polyvinyl chloride mantle. The ease and speed of the laying times make this an ideal flooring for all those sporting events which require a floor cover which can be quickly assembled and dissembled. In but 24 hours, it is possible to refurbish a sports field or decorate a gymnasium. Play-Turf[®] system is classified by ITF in Class 5 (fast).
